

Announcement of the 15th InterRad in 2017

The outline of the 15th InterRad has been determined. The scientific sessions will be held in Niigata University, Japan. Two pre-symposium excursions will be organized: one starts around Tokyo and the other starts near Nagoya. The two pre-excursions will end in Niigata. One post-symposium excursion, “Okinawa Tour”, includes a workshop on living radiolarians and visits to some outcrops of Paleozoic and Mesozoic sequences. The first circular of the 15th InterRad will be presented in the next issue of “Radiolaria” (summer in 2016).

The schedule of the 15th InterRad in 2017 is as follows:

Oct (19)20-22 Pre-symposium Excursions

Oct 22 (Sun) Evening: Ice Breaker

Oct 23 (Mon) Opening Ceremony, Scientific Session, Welcome Party
